RE: **Non Resident Player (NRP) Passport and AAA Permission to Skate request**

At the end of every hockey season comes the opportunity for members to take advantage of trying out at a higher level of hockey in the various centres that surround Manvers.

AAA Permission to Skate

A Permission to Skate form is issued for all players aged Novice to Midget* that are interested in attending the AAA COWHA camp at their respective age level. All players must bring this form to the first AAA tryout camp – any player that attends a camp without permission from the MMHA will be turned away by the COWHA and will not be able to participate. To attend the COWHA tryouts, all interested players must pre-register online by clicking on this link: [Wolves Tryout Registration Form](#). To view the COWHA Tryout Schedule, please click [here](#).

Non Resident Player (NRP) Passport:

Any players aged Minor Peewee or above interested in trying out for A/AA teams MUST get a NRP passport from their home centre. Atom aged players and below are not eligible to try out for A/AA. The player will be eligible to tryout with the AA or A centre closest to the player's residence that is accepting NRP's based on the mileage from the player's residential address as recorded in the Hockey Canada Registry to the centre point of the AA or A centre.

Pursuant to OMHA rules, any player requesting a Permission To Skate form or an Non Resident Passport (NRP) must be pre-registered for the 2017/2018 season with their home centre.

Once the MMHA has received a players registration for the 2017/2018 season, requests for a Permission to Skate can be made to manversomha@gmail.com. Please include the player name, date of birth, last team played for, and the team they are trying out for (please include age division).

Thank you - and good luck to all of the players that will be attending tryouts...GO MUSTANGS!!
